

Left Handed

(Geoffrey Williams, Georgie Williams 2015)

Walk myself to school
Better get there on time
Carrying my only shoes
So they don't lose their shine
I put them on when I arrive
Sit down at my desk
I start to write my name
That's when they get distressed

Sisters get upset
Fear and consternation
I try to explain myself
But they ain't got no patience

The Sisters shout
You got you pen in the wrong hand
The Devil's hand

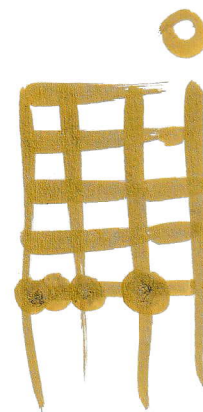

But I'm left handed
Yes I'm left handed
But I'm left handed
Yes I'm left handed
I don't think you understand
If you hit me on my fingers with a ruler
doesn't mean that I'm right handed
'coz I'm left handed

Wearing the uniforms
I hand washed the night before
It's a long, long way to go
Our feet get tired and sore
I'm slightly nervous now
I'm trying to do my best
I trying to write my story
that's when they get distressed

Got no mother, got no father
I hold the hand of my little brother
Everybody listen out
